Serving the local community in the name of Christ since 1859

4th April 2025

This half term our Value focus will be **Courage**

Miss Zubair here! I know it's been a short week, and I hope all of you who celebrated Eid had a lovely time with your family and friends. As the weather is changing, we're starting to see sunnier days, which is always a welcome sight.

We don't have long left until Easter, and we've got a fun week with lots of exciting activities planned. Make sure to participate and enjoy all the events we have lined up. On Tuesday, we will be going to church for the Easter service, which is always a special occasion. Also, don't forget to start making your Easter bonnets for the Easter parade! We can't wait to see all the creative and colourful designs you come up with.

Let's make the most of these beautiful days and the upcoming festivities. Have a wonderful week ahead!

Easter Service

On Tuesday 8th April, the children will be joining in with their Easter Service at Aston Parish Church. The service will begin at 10am. We will be walking from school and we welcome any parents who would like to join us and especially if you would like to walk down to church with us. Please speak to your class teacher for more detail. The assembly will be exactly as we hold in school with readings, poems and lots of beautiful singing as always. We would love for you to join us at our celebration.

Safeguarding: What is GDPR?

The General Data Protection Regulation (GDPR), a European Union law, came into effect on May 25, 2018, to give individuals more control over their personal data and impose strict limitations on how organisations can use it.

The GDPR aims to give individuals greater control over their personal information. It also seeks to simplify regulations for international businesses. When considering what personal data to share, be mindful of privacy and security, only sharing what's necessary with trusted individuals or organisations and only for legitimate purposes.

What is Personal Data?

- * Personal data includes information that can identify you, either directly or indirectly.
- * Examples include name, address, phone number, email address, date of birth, photos, and even location data.
- * Sensitive data like health information, financial details, and religious beliefs also fall under this category.

Thank you to all that dressed up, donated and bought a red nose. You helped us to raise an impressive **£250.30**
